

Caregiver OF THE MONTH

JANET GUHLSTORF

has been named Moran & Goebel's January Caregiver of the Month

Janet understands the importance of compassion. A hospice nurse for nearly four years, she has a strong desire to alleviate suffering in the lives of her patients. She travels from home to home caring for their medical and personal needs. Although their situations are often bleak, Janet brings a ray of light and a sense of peace to the afflicted.

"I enjoy reaching out to people who are treading through difficult waters. I find happiness in bringing comfort and support into their lives. They give back to me, as well, because I learn from these people and from their life experiences. My job is not easy, but the rewards are tremendous. This is not a career for me - it's a passion."

The Caregiver of the Month program honors Janet Guhlstorf and the many others like her for the amazing work they do every day. We extend our thanks and pray that others continue to follow her example.
