

# Caregiver OF THE MONTH

**Jodi Wright** has been named Moran & Goebel's  
September **Caregiver of the Month**

A hospice caregiver for several years, Jodi has dedicated her own life to improving the life of another. Even when working as many as 90 hours a week, she sees her occupation as a calling to care rather than a job.

Jodi shows up to work each morning with a contagious smile on her face in hopes of bringing happiness and hope to the lives of her patients. Although some are unable to communicate with her, she realizes their need for a deep, meaningful connection with someone. "It is so important to treat people with compassion and dignity," Jodi says of her work. Although she provides her patients with medical assistance, her true accomplishment is the comfort and companionship she brings to them.

"Sometimes it's the little things – like someone brushing their hair for the first time in months – that I love about my job. There is so much reward in caring for others."

In appreciation and honor for the selfless giving of Jodi Wright and the many others like her, Moran and Goebel Funeral Home recognizes Caregivers with an award that acknowledges the amazing work they do each day. We extend our thanks and pray that others continue to follow your example.
